Dear Sir:

This letter is to confirm and summarize a telephone interview with Examiner Andrew Hill which occurred around the fourth week of August.

During that telephone interview it was discovered that the Advisory Action dated August 11, 1995, (paper #13), had been incorrectly sent. The application had never been made final.

Additionally, applicant's attorney Lawrence Chapa indicated that the proposed amendments to the specification in Amendment B dated July 7, 1995, were not needed as they had already been corrected in the final draft of the application filed.

Examiner Hill indicated that an Examiner's Action considering the arguments of the already filed Amendment B was the appropriate next step. However, due to Examiner Hill's crowded docket an Examiner's Action may be somewhat delayed.

I hereby certify that this correspondence is being deposited with the United States Postal Service as first-class mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, DC 20231 on
